**Annual Report**

## Letter from Leah Henck Freedom Firm USA President

A storm gathered on the horizon. Dark and ominous clouds loomed leaving a certain uneasiness, a fear of the unknown. In 2020, our world crashed into a time unlike anything we've known in recent history.

For many, life abruptly changed and we were left navigating rough, uncharted waters. But in the midst of the swirling and spinning waves, we found something entirely unexpected. Hope and victory.

In spite of the uncertainty and many challenges in our environment, we have gotten stronger in every respect. In the U.S., we have reconnected with old friends, communicated better, and explored new methods to get the word out (think virtual!). Rejecting fear, you have been generous. In one day, donors responded to pain and suffering in India and surpassed our \$5,000 goal to give over \$7,500. In India, the teams have created stronger connections with police, government agencies, other partners in the field, and most importantly the girls we serve. External restrictions have caused them to be intentional and creative. The result: more girls have been rescued than ever were in a normal year! When I see these outcomes, beyond what we could have ever thought possible given the circumstances, I smile. The light is breaking through.

A handwritten signature in black ink that reads "Leah Joy Henck". The signature is fluid and cursive.

### Straight from the Field

I am humbled by the lawyers, volunteers, law enforcement agencies, district administration and our own staff, who, undeterred by what was happening around them, were committed to their work. I am amazed at the 61 girls miraculously rescued despite a raging pandemic, lockdowns and shortage of the most basic products.

Catherine Raja, National Director  
Freedom Firm, India

I am thankful for the 35 girls we had not heard from for many years, who called to ask for help. I am astounded at the courage of one girl who did not have our phone number, but walked up to the nearest police station and asked for help to contact our social worker. I am inspired by the 10 special girls who are eager to pursue their education and are proactively taking steps towards achieving that goal. I am encouraged by the 24 girls who returned to impoverished and challenging homes, safe because of the tele-counselling sessions and the accountability that local law enforcement provides. Those girls are now applying for jobs or even starting their own business.

March 2021, the situation now is worse than last year. We have lost family, friends, volunteers, lawyers to this pandemic and I am sure many of you have experienced intense loss as well. We persevere in hope.

## our mission

Freedom Firm seeks to eliminate child prostitution in India by **rescuing** minor girls, providing aftercare for effective **restoration** and bringing **justice** by prosecuting the perpetrators of sex trafficking.

## our pillars

### sacrifice

We lay aside the expectation of comfort in pursuit of this noble mission. We invite others to join in making sacrifices, believing it readies us for the task and leads to feeling rewarded.

### dignity

We believe in the unique and intrinsic worth of each person. We lend our strength to help victims of oppression awaken to their strength, helping everyone feel empowered.

### stewardship

We are grateful for every resource and steward them in service of others. We value simplicity and embody an innocence that makes us feel free.

## our promise

**Our ALL for every ONE**

# rescue

Freedom Firm undercover operatives locate minor girls in brothels and document the crime. The Freedom Firm team, along with the police, raid brothels, rescue the girls and arrest perpetrators. The rescued girls are then placed in government shelter homes.

On September 22nd, Freedom Firm rescued these 5 underage girls from sexual exploitation in Happy Land Resort.

## More Rescues despite COVID Lockdown

# Rekha's Rescue

Though hopeful for all, we are compelled by every single ONE

A Freedom Firm staff (left) comforts Rekha (right) after her rescue

Freedom Firm and local police rescued 14-year-old Rekha in Muzzafarpur, Bihar on December 18th. Three months earlier, Roshan promised to marry her but instead sold her to the red-light area.

At the police station, Roshan claimed that he and Rekha were married and produced forged documents as "proof." Rekha denied signing any marriage document. We later learned that Roshan is already married and has a child.

Roshan (in the orange leather jacket) was sent to jail

Two brothel keepers and an agent were also arrested

The local press showed up in the crowded police station to capture the story and photos.

# restoration

Freedom Firm's social workers, working in partnership with shelter homes across the country, provide rescued girls with counseling, therapy, job training, education and health care. While we had to cancel our wilderness camps this year because of the pandemic, other incredible opportunities developed instead. Government shelter homes all over India are asking for Freedom Firm's life skills classes!

## Life Skills Give Hope

“ Freedom Firm has been instrumental in providing justice and care to the victims of human trafficking lodged in our home. The organization *ignites a hope* in us of there being a sister organization working hand in glove with us. ”

*"During life skills classes, I learned about myself, who I am, my strengths and weaknesses, my value, wants and needs. Now I try to have better communication and have learned to manage my emotions and stress." - Jyoti*

*"I have learned creativity from drama, dance and craft."

# justice

Freedom Firm actively pursues the conviction of those responsible for trafficking minor girls. Freedom Firm lawyers assist public prosecutors at each stage of the criminal trial. Rescued girls are empowered to testify against their abusers and help bring them to justice. Every trial and every conviction creates a deterrent and raises the cost of sex trafficking in India.

# Victory in Battle: Freedom Firm's 11th Conviction!

This year, we celebrated a victory in the fight to free children from sexual slavery. On March 16th, 2021 Freedom Firm won its 11th conviction in its case against child trafficker and brothel keeper Parveen Sheikh.

May 31st, 2017

Freedom Firm rescued Sugi and Chaya, both minors, from a brothel in Wani, Maharashtra. We filed a criminal complaint against the brothel keeper, Parveen Sheikh.

October 12th, 2017

Freedom Firm raided the brothel again, and rescued Minu, Shilpa, Nazma and Piya. Again we filed a complaint against Parveen. She escaped arrest both times.

March 16th, 2021

Parveen is now behind bars. She was convicted and sentenced to rigorous imprisonment for two years.

*"It's good news that the court has punished her."*  
- Minu, one of Parveen's victims

Shilpa, another of Parveen's victims, was rescued in October 2017. Now she is married and expecting her first child. Her freedom has given her a wonderful new life.

# COVID Relief

Provisions Kits

With the first COVID outbreak in March, the government mandated a lockdown that lasted 5 months. A Freedom Firm investigator shared, "When the pandemic first broke out, I got a call from a girl who lives in a brothel in Nagpur. *She said 'I haven't eaten for two days. The brothel keeper isn't feeding us. Please can you send me some food'.*

In response to many desperate calls from all corners of India, our team quickly networked with the police, local grocers, and NGOs to help supply survivors and women in red light areas with food. We purchased, organized and distributed 690 ration kits consisting of rice, lentils, salt, spices, oil, and soap.

Masked and standing the prescribed six feet apart, women in a red-light area in Kolkata wait in line for rice and lentils.
